PURPOSE

To ensure that a process exists which allows for members of the public to express concerns to United Way with respect to the conduct of its staff and volunteers, and to ensure that such concerns are :

- handled in a timely and professional manner
- given appropriate attention
- disposed of effectively and expeditiously

POLICY

The United Way will fully, fairly, and transparently deal with complaints received from members of the public regarding its staff, volunteers, or operations in an expeditious fashion.

PROCEDURE

Step One - Source of the initial complaint

Any individual may contact the United Way office directly to set forth a complaint or concern with United Way staff members, volunteers, or operations. Such individuals should be requested to compile all relevant information including

- supporting documents concerning the complaint,
- the names of any employees that were involved
- an outline of the circumstances
- the expected remedy

United Way staff receiving this complaint should endeavor to resolve the matter directly with the complainant. In the event that the complaint is not addressed to the satisfaction of the complainant by a member of the United Way staff, staff should keep the Chief Operating Officer (COO) apprised of all complaints received and their disposition on a regular basis.

Step Two - Appeal to the Chief Executive Officer (CEO) of United Way

If the issue cannot be resolved under Step One, the Complainant may require that the issue be considered by the CEO, either by telephone, email or in person to the United Way office.

Step Three - Appeal to the Board Chair of United Way

If the issue cannot be resolved under Step Two, the Complainant may require that the issue be considered by the Board Chair who may:

1. Deem the complaint to be frivolous or vexatious or otherwise without merit and inform the complainant that no further action will be taken;
2. Elect to bring the matter before the Board with a recommended disposition; or

Step Four - Mediation

Upon the recommendation of the Board efforts to settle the unresolved issue may result in mediation. A mediator helps disputing parties work toward a mutually acceptable resolution by maintaining open communication in an effort to identify issues, interests and possible options.
